

A T T T G C A T A A C A A A T G

The image displays a DNA sequence logo for the sequence A T T T G C A T A A C A A A T G. The letters are color-coded: A is green, T is red, C is blue, and G is yellow. The height of each letter indicates its relative frequency or information content at that position. Below the letters are horizontal bars in the same color as the letters above them, representing the background or a reference sequence.
