

G T T G C C A T G G C A A C c

The image displays a DNA sequence logo for the sequence G T T G C C A T G G C A A C c. The letters are color-coded: G is yellow, T is red, C is blue, and A is green. The letters are arranged in a row, with the last letter 'c' in lowercase. Below the letters are horizontal bars of varying heights and colors (yellow, red, blue, green) representing the conservation of each position. The bars are stacked vertically for each position, with the top bar being the most prominent color for that position.
